INVITATION

to

PUBLIC DISCUSSION

»In Memoriam on 30 years of Chernobyl and 5 years of Fukushima«

In the Small hall of the Cultural Center, Krško, 12 of April 2016, from 17.00 to 20.00.

The magnitude of the consequences of nuclear accidents at Chernobyl and Fukushima are well known to the public. The consequences that affected the health of people in Central and Southern Europe were witnessed by independent research experts which will be presented to the public audience.

The purpose of this discussion is to exchange the experience of domestic and foreign scientists and experts in various disciplines in the field of nuclear safety to improve the public awareness and communication between all the partners in the process from the civil society, NGOs, municipalities, state institutions, European institutions and profit organizations.

PROGRAM:

- Representative of the PJLP society. Topic: presentation of the PJLP, the construction of the dry storage of the spent nuclear fuel on the territory of the NPP, legal basis, the effects on the environment, public participation in the nuclear processes in Posavje region.
- Karel Lipič (the president of ZEG and the member of the Executive Committee of PJLP). Topic: the problem of extending the operation of the NPP, ZEGs' views on the second block of the NPP and nuclear safety in Slovenia
- Luka Keller (the president of the ORAH party, Croatia). Topic: position of the ORAH party on nuclear issues between Slovenia and Croatia.
